

## SCHOOLS OF ANACONDA

The Role of Honor in Punctuality and Attendance.

## MAKE A SPLENDID SHOWING

Maurice Mulcahy Died Early Yesterday Morning from Pneumonia—He Was 55 Years of Age and Originally from Ireland.

The January meeting of the board of education will be held next Tuesday evening in their office at the Central building.

The teachers celebrated the close of the fourth month by holding their regular monthly meeting Friday afternoon.

The Delta Sigma society chose new officers last Friday, placing Ben Baker in the chair and Miss Effie Beebe at the secretary's desk.

During the absence of Mr. Barry at the convention, Mr. Darby served as janitor at the Prescott, employing his spare moments in making a neat case for the new encyclopedia recently given that school. Mr. Darby has the thanks of teachers, pupils and school officers for his kindness.

Here is a mystery for some scientific inspector to explore. Last Friday morning while the Lincoln building stood contentedly, doubtless, in calm serenity and pride the grand achievements of its 200 little folks in their matchless performance of the day previous, suddenly there came a tremendous boom and crash that shook things worse than some of the unannounced musts that frequently pop down the canyon. Janitor Templeman rushed to the basement expecting to find the furnace collapsed but no evidence could be found that anything was wrong.

The Lincoln teachers wish to publicly express their gratitude to Mr. Templeman and their appreciation of the excellent services he gives them. Not only does he keep their rooms warm and clean but he goes beyond the regular duties and assists them in every way possible, kindly and faithfully caring for their little ones who love him and obey him almost as though he were a teacher.

The entertainment at the Lincoln last Thursday was a success beyond expectation. A large audience filled the seats and took up nearly all the standing room. The stage was neatly arranged, and the singing, speaking and tableaux were creditable alike to pupils and teachers. The original song, "Lincoln Chorus" arranged by Principal Parks, was a great hit, exciting the banner which they have won again for the third time. A collection was taken with which to purchase a neat little library for supplementary and home reading for the children. Many of the Lincoln children have no books at home and it will be in order for anyone to contribute to this fund who has a little money to spare.

Finding the teachers tired and the children restless at the Lincoln Friday forenoon, the superintendent dismissed all grades for the afternoon to allow the teachers to visit similar work at the Prescott and compare notes.

The standings in attendance and punctuality for the two weeks just closed give the Lincoln the pennant for the unusual record of 99.48, the first room of that building under Mrs. Reese winning the room banner, fourth room at the Prescott under Principal Evans maintain their banner for the third time in succession, and the sixth grade in the Central under Miss O'Donnell, gain the room banner again for the third time.

At the close of each school month a roll of honor will be published giving the names of all pupils who have been perfect in attendance and punctuality. The following pupils were perfect during the month ending Jan. 19.

The lady of his choice is a yankee residing in Boston, for which place Mr. Ridley will leave the first of next month. R. M. The veracity of this statement cannot be vouched for, but it is true that Mr. Greig is feeling very nervous over the report alone.

## DIED IN THE JAIL.

Mr. Mulcahy Was Beyond Medical Aid When He Was Put There.

Maurice Mulcahy died in the county jail in this city at an early hour yesterday morning. County Commissioner King said yesterday that the board was in session at the time a telephone message was received by them in Deer Lodge, giving an account of the old man's sad condition, and they at once ordered that he be removed to St. Ann's hospital in this city, as the sick man was said to be too ill to stand a journey to the county hospital in Deer Lodge. Why the instructions of the county commissioners were not carried out, as Constable Buchanan, who is said to have had charge of the matter, was in Butte all of yesterday. Much regret was expressed that he was not taken to the hospital.

Dr. Rockefeller, who attended Mr. Mulcahy in the absence of Dr. Stephens, who has charge of the county patients in this city, said yesterday that the sick man was too ill to have recovered under any circumstances, and that even if he had been removed to the hospital the result would have been the same in the end.

Maurice Mulcahy was born in Cork 55 years ago and came with his parents to this country when only 10 years of age. He was employed for some time the past fall and winter on the construction of the B. A. &amp; P., and has many friends among his companions on that work. His funeral has not been set, as it is understood his friends wish to come to some arrangement by which the unfortunate man will be given a decent burial.
